BILLING CODE 4810-33-P

DEPARTMENT OF VETERANS AFFAIRS

Funding Opportunity Under Supportive Services for Veteran Families Program

AGENCY: Department of Veterans Affairs.

ACTION: Notice of funding availability.

SUMMARY: The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. This Notice of Funding Availability (NOFA) contains information concerning the SSVF Program; the renewal and new applicant supportive services grant application processes; and the amount of funding available. Awards made for supportive services grants will fund operations beginning October 1, 2023. Grant awards may be renewed for up to 3 years pending the availability of funds and grantee performance.

DATES: Applications for supportive services grants under the SSVF Program must be received by the SSVF Program Office by 4:00 p.m. Eastern Time on February 10, 2023. In the interest of fairness to all competing applicants, this deadline is firm as to date and hour, and VA will treat as ineligible for consideration any application that is received after the deadline. Applicants should take this practice into account and make early submissions of their materials to avoid any risk of loss of eligibility brought about by unanticipated delays, computer service outages or other submission-related problems.

ADDRESSES:

Copy of the Application Package: Copies of the application can be downloaded from the SSVF website at www.va.gov/homeless/ssvf. Questions

may be referred to the SSVF Program Office via email at SSVF@va.gov. For detailed SSVF Program information and requirements, see part 62 of Title 38, Code of Federal Regulations (38 CFR part 62).

Submission of Application Package: Applicants must submit applications electronically following instructions found at www.va.gov/homeless/ssvf. Applications may not be mailed, hand-carried or sent by facsimile (FAX). Applications must be received in the SSVF Program Office by 4:00 p.m. Eastern Time on the application deadline date. Applications must arrive as a complete package. Materials arriving separately will not be included in the application package for consideration and may result in the application being rejected. See Section II.B. and II.C. of this NOFA for maximum allowable grant amounts.

Technical Assistance: Information regarding how to obtain technical assistance with the preparation of a renewal supportive services grant application is available on the SSVF Program website at www.va.gov/HOMELESS/SSVF.

FOR FURTHER INFORMATION CONTACT: Mr. John Kuhn, National Director, Supportive Services for Veteran Families, by email at SSVF@va.gov.

SUPPLEMENTARY INFORMATION:

Funding Opportunity Title: Supportive Services for Veteran Families Program.

Announcement Type: Initial.

Funding Opportunity Number: VA-SSVF-103121.

Catalog of Federal Domestic Assistance Number: 64.033, VA Supportive Services for Veteran Families Program.

I. Funding Opportunity Description

A. Purpose: The SSVF Program's purpose is to provide supportive services grants to private non-profit organizations and consumer cooperatives who will coordinate or provide supportive services to very low-income Veteran families who (i) are residing in permanent housing and at risk of becoming homeless, (ii) are homeless and scheduled to become residents of permanent housing within a specified time period or (iii) after exiting permanent housing within a specified time period, are seeking other housing that is responsive to such very low-income Veteran family's needs and preferences. SSVF delivers services using a housing-first approach that emphasizes permanent housing placement as the primary objective. Housing First is an evidence-based,

cost-effective approach to ending homelessness for the most vulnerable and chronically homeless individuals (see <https://www.va.gov/homeless/nchav/models/housing-first.asp>).

SSVF prioritizes the delivery of rapid re-housing services to homeless Veteran households. Rapid re-housing is an intervention designed to help individuals and families quickly exit homelessness, return to housing in the community and avoid homelessness again in the near term. The core components of a rapid re-housing program are housing identification, move-in and rent financial assistance and rapid re-housing case management and services. These core components represent the minimum that a program must be provided to households to be considered a rapid re-housing program. For more information about SSVF's core components, including the role Housing First plays in rapid re-housing interventions see <https://www.va.gov/homeless/ssvf/ssvf-coreconcepts>.

B. Funding Priorities: The principal goal of this NOFA is to seek entities that have the greatest capacity to end homelessness among Veterans or sustain gains made in ending homelessness among Veterans. Priority will be given to grantees who can demonstrate adoption of evidence-based practices in their application (for more information about evidence-based practices go to, <https://www.va.gov/homeless/ssvf/ssvf-coreconcepts>). Under Priority 1, VA will provide funding to those existing grantees with 3-year accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF) in Employment and Community Services: Rapid Rehousing and Homeless Prevention standards, a 4-year accreditation in Housing Stabilization and Community Living Services from the Council on Accreditation's (COA) or a 3-year accreditation in The Joint Commission's (JC) Behavioral Health Care: Housing Support Services Standards. Priority 2 includes existing grantees not included in Priority 1 but who have annual awards and are seeking to renew their grants. Existing grantees are SSVF grantees that have a Memorandum of Agreement (MOA) for operations through September 30, 2023. Priority 3 and Priority 4 applications will be accepted from new applicants as described herein at Section II.B.

C. Definitions: Part 62 of title 38, Code of Federal Regulations (38 CFR part 62), contains definitions of terms used in the SSVF Program. In addition to the definitions and requirements described in 38 CFR part 62, this NOFA provides additional resources to secure permanent housing. These resources

may be provided by the SSVF grantee under 38 CFR 62.34 to assist Veterans in remaining in or obtaining permanent housing. Grantees will be allowed to provide up to the equivalent of 2 months' rent to landlords under 38 CFR 62.34(g) as a resource for any lease of not less than 1 year when necessary to assist a Veteran in remaining in or obtaining permanent housing. An example of when such a resource could be used is when a landlord incentive is required to facilitate leasing of rental units to tenants with significant housing barriers. Landlords are less likely to lease to certain groups due to the risk of non-payment of rent or concerns about damage or disruption to their buildings. Tenants with significant housing barriers might include Veterans with poor credit histories and criminal justice involvement that might otherwise disqualify them from obtaining a lease. Veterans with histories of sex offenses are generally considered high-risk tenants by landlords.

Veterans are sometimes reluctant to move into apartments that do not offer any of the comforts typically associated with living independently. The General Housing Stability Assistance, provided under 38 CFR 62.34(e), while offering some funds for bedding and basic kitchen supplies, leaves significant needs unaddressed. Therefore, grantees also will be allowed to provide up to \$1,000 to Veteran families for miscellaneous move-in expenses, under 38 CFR 62.34(g), to encourage them to obtain permanent housing with a lease of not less than 1 year. These funds are to be provided to assist Veterans through accounts established at local merchants, such as grocery stores and retailers, in the enrolled Veteran's name. These items could include, but are not limited to, food, furniture, household items, electronics (including televisions) or other items typically associated with independent living in permanent housing. Furthermore, internet or cable bills can now be considered as utilities as the definition for financial assistance as utility payments under 38 CFR 62.34(b) is expected with this NOFA to include these charges. Access to the internet is an essential component of the modern economy, comparable to utilities. Veterans without such access are put at a disadvantage in finding and applying for work opportunities, purchasing needed consumer goods at the lowest possible cost and communicating through email and other forms of social media.

In addition to the definitions and requirements described in 38 CFR part 62, this NOFA provides further

clarification in this paragraph on the use of *Emergency Housing Assistance* (EHA). EHA may be provided by the SSVF grantee under 38 CFR 62.34(f) to offer transition in place when a permanent housing voucher, such as is offered through the Department of Housing and Urban Development's (HUD) Section 8 program, is available from any source, but access to the permanent housing voucher is pending completion of the housing inspection and administrative processes necessary for leasing. In such circumstances, the EHA payment cannot exceed what would otherwise be paid when the voucher is used. EHA also may be used as part of Rapid Resolution, also known as a diversion or problem-solving service, that helps Veteran households avoid entry into homelessness through placements with family or friends. EHA also may be used as an outreach tool to engage and offer housing to unsheltered homeless Veterans with significant housing needs who refuse to access traditional emergency shelter services in the community.

D. *Approach*: Respondents to this NOFA should base their proposals and applications on the current requirements of part 62. Grantees will be expected to leverage supportive services grant funds to enhance the housing stability of very low-income Veteran families who are occupying permanent housing. In doing so, grantees are required to establish relationships with local community resources. Therefore, agencies must work through coordinated partnerships built either through formal agreements or the informal working relationships commonly found among successful social service providers.

Through this NOFA, grantees can pay fees related to securing a lease of at least 1 year. In addition, as noted previously herein, Veterans are sometimes reluctant to move into apartments that do not offer any of the comforts typically associated with living independently. Pursuant to this NOFA, grantees would be able to use funds for miscellaneous expenses associated with moving into a new home. Moreover, nationally, the median average rental unit increased in price by 18%, far exceeding increases in wages or income for those dependent on Veteran benefits, social security or other entitlements. Furthermore, service-connected Veterans with high levels of disability may have incomes that exceed the current SSVF income threshold of 50% of the area median income. These Veterans, some of the most vulnerable served by the VA, can be left ineligible for critically needed SSVF services. As

a result, VA is invoking the provision in 38 U.S.C. 2044(f)(6)(C) and 38 CFR 62.2, allowing VA to establish an income ceiling higher or lower than 50% of the median income for an area if VA determines that such variations are necessary because the area has unusually high or low construction costs, fair market rents (as determined under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f)) or family incomes. Area median income (AMI) is one-factor SSVF uses to establish eligibility. A higher income ceiling, as reflected by the AMI, will allow grantees to serve Veterans who have endured significant increases in their housing cost burden placing them at greater risk for homelessness. For purposes of this NOFA, grantees will be able to serve Veterans in the communities who have up to 80% of the AMI. HUD-VA Supportive Housing (HUD-VASH) eligibility also has an income limit of 80% of medium income. Aligning SSVF and HUD-VASH eligibility will allow SSVF grantees' housing navigators to assist Veterans eligible for HUD-VASH as necessary with identifying and obtaining permanent housing. Aligning SSVF and HUD-VASH eligibility will also improve the coordination of care and simplify and standardize eligibility determinations.

Applicants are strongly encouraged to provide letters of support from the Continuums of Care (CoC) in the location where they plan to deliver services, reflecting the applicant's engagement in the CoC's efforts to coordinate services. A CoC is a community plan to organize and deliver housing and services to meet the needs of people who are homeless as they move to stable housing and maximize self-sufficiency. The CoC includes action steps to end homelessness and prevent a return to homelessness. CoC locations and contact information can be found at <https://www.hudexchange.info/grantees/contacts/?params=%7B%22limit%22%3A20%2C%22sort%22%3A%22%22%2C%22order%22%3A%22%22%2C%22years%22%3A%5B%5D%2C%22searchTerm%22%3A%22%22%2C%22grantees%22%3A%5B%5D%2C%22state%22%3A%22%22%2C%22programs%22%3A%5B3%5D%2C%22coc%22%3Atrue%7D##granteeSearch>.

The CoC's letter of support should note if the applicant is providing assistance to the CoC in building local capacity to build Coordinated Entry Systems (CES) and the value and form of that assistance, whether support is

direct funding or staffing. CES requires that providers operating within the CoC's geographic area must also work together to ensure the CoC's coordinated entry process allows for coordinated screening, assessment and referrals (HUD Notice: CPD-17-01). The CoC's letter of support also must describe the applicant's participation in the CoC's community planning efforts. Failure for a Priority 1 or Priority 2 applicant to provide a letter of support from the CoC as described will limit the maximum award to 90% of the award made in the previous fiscal year (FY) as described herein at II.C.7. Failure for a Priority 3 applicant to provide a letter of support from the CoC as described will disqualify the applicant from funding consideration unless the applicant can demonstrate that the CoC is unable to provide such a letter for this application. In addition, any applicant proposing to serve an Indian Tribal area is strongly encouraged to provide a letter of support from the relevant Indian Tribal Government. Priority 4 applicants are not required to submit a CoC letter of support.

The aim of the provision of supportive services is to assist very low-income Veteran families residing in permanent housing to remain stably housed and to rapidly transition those not currently in permanent housing to stable housing. SSVF emphasizes the placement of homeless Veteran families who are described in 38 CFR 62.11(b)-(c) as follows:

(b)(1) Is lacking a fixed, regular and adequate nighttime residence, meaning:

(i) That the Veteran family's primary nighttime residence is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned bus or train station, airport or camping ground,

(ii) That the Veteran family is living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing and hotels and motels paid for by charitable organizations or by Federal, State or local government programs for low-income individuals) or

(iii) That the Veteran family is exiting an institution where the Veteran family resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution,

(b)(2) Are at risk to remain in the situation described herein at paragraph (b)(1) of this section but for the grantee's assistance and

(b)(3) Scheduled to become a resident of permanent housing within 90 days pending the location or development of housing suitable for permanent housing or

(c) Has met any of the conditions described herein at paragraph (b)(1) of this section after exiting permanent housing within the previous 90 days to seek other housing that is responsive to the very low-income Veteran family's needs and preferences.

Assistance in obtaining or retaining permanent housing is a fundamental goal of the SSVF Program. Case management supporting permanent housing should include tenant counseling, mediation with landlords and outreach to landlords.

E. *Authority*: Funding available under this NOFA is authorized by 38 U.S.C. 2044. VA implements the SSVF Program through regulations in 38 CFR part 62. Funds made available under this NOFA are subject to the requirements of these regulations.

F. *Requirements for the Use of Supportive Services Grant Funds*: The applicant's request for funding must be consistent with the limitations and uses of supportive services grant funds set forth in 38 CFR part 62 and this NOFA. In accordance with 38 CFR part 62 and this NOFA, the following requirements apply to supportive services grants awarded under this NOFA:

1. Grantees may use a maximum of 10% of supportive services grant funds for administrative costs identified in 38 CFR 62.70(e).

2. Grantees must enroll a minimum of 60% of Veteran households who are literally homeless and qualify under 38 CFR 62.11(b). (*Note*: Grantees may request a waiver to decrease this minimum, as discussed herein at section V.B.3.a.)

3. Grantees are required to have available temporary financial assistance resources that can be paid directly to a third party on behalf of a participant and may be used for childcare, emergency housing assistance, transportation, rental assistance, utility-fee payment assistance, security deposits, utility deposits, moving costs and general housing stability assistance (which includes emergency supplies) and as otherwise stated in 38 CFR 62.33 and 38 CFR 62.34.

4. Grantees are able to provide up to \$1,000 supplemental assistance to every Veteran household who obtains a lease of not less than 1 year to cover miscellaneous move-in expenses.

5. Grantees are able to pay landlords up to an amount equal to 2 months' rent for fees related to securing a lease of at least 1 year. This incentive may be

provided at lease-up or split up into multiple payments during the course of the lease (for example one month payment at lease-up and one month payment at six months after lease-up).

G. *Guidance for the Use of Supportive Services Grant Funds*: Grantees are expected to demonstrate adoption of evidence-based practices most likely to prevent and lead to reductions in homelessness. As part of their application, the applying organization's Executive Director must certify on behalf of the agency that they will actively participate in community planning efforts and operate the program in a manner consistent with core concepts found at <https://www.va.gov/homeless/ssvf/ssvf-coreconcepts>. Housing is not contingent on compliance with mandated therapies or services; instead, participants must comply with a standard lease agreement and be provided with the services and supports that are necessary to help them do so successfully.

Grantees must develop plans that will ensure that Veteran participants have the level of income and economic stability needed to remain in permanent housing after the conclusion of the SSVF intervention. Both employment and benefits assistance from VA and non-VA sources represent a significantly underutilized source of income stability for homeless Veterans. Income is not a pre-condition for housing. Case management should include income maximization strategies to ensure households have access to benefits, employment and financial counseling. The complexity of program rules and the stigma some associate with entitlement programs contribute to their lack of use. For this reason, grantees are encouraged to consider strategies that can lead to prompt and successful access to employment and benefits that are essential to retaining housing. Consistent with 38 CFR 62.30-62.34, grantees are expected to offer the following supportive services: counseling participants about housing; assisting participants in understanding leases; securing utilities; making moving arrangements; providing representative payee services concerning rent and utilities when needed; using health care navigation services to help participants access health and mental health care; providing legal services; and providing mediation and outreach to property owners related to locating or retaining housing. Grantees also may assist participants by providing rental assistance; security or utility deposits; moving costs; emergency housing; or general housing stability assistance; or using other Federal resources, such as

the HUD Emergency Solutions Grants Program (ESG) or supportive services grant funds subject to the limitations described in this NOFA and 38 CFR 62.34.

1. As SSVF is a short-term crisis intervention, grantees must develop plans that will produce sufficient income or supports to sustain Veteran participants in permanent housing after the conclusion of the initial SSVF intervention. Grantees must ensure the availability of employment and vocational services either through the direct provision of these services or their availability through formal or informal service agreements.

Agreements with Homeless Veteran Reintegration Programs (HVRP) funded by the U.S. Department of Labor are strongly encouraged. Applicants who also administer HVRP grants in the same area served by their SSVF grant will be given a 5-point bonus to their Section A application score. For participants unable to work due to disability, income must be established through available benefits programs.

2. Per 38 CFR 62.33, grantees must assist participants in obtaining public benefits. Grantees must screen all participants for eligibility for a broad range of entitlements such as the U.S. Department of Health and Human Services' (HHS) Temporary Assistance for Needy Families, Social Security, the U.S. Department of Agriculture's Supplemental Nutrition Assistance Program, the HHS Low-Income Home Energy Assistance Program, the Earned Income Tax Credit and local General Assistance programs. Grantees are expected to access the Substance Abuse and Mental Health Services Administration's Supplemental Security Income/Social Security Disability Insurance Outreach, Access, and Recovery (SOAR) program directly by training staff and providing the service or subcontracting services to an organization to provide SOAR services. In addition, where available, grantees should access information technology tools to support case managers in their efforts to link participants to benefits.

3. In accordance with 38 CFR 62.33(g), grantees must directly provide, either by in-house counsel or through contract services, legal services relevant to issues that interfere with the participants' ability to obtain or retain permanent housing or supportive services. (Note: Information regarding legal services provided may be protected from being released to the grantee or VA under attorney-client privilege, although the grantee must provide sufficient information to demonstrate the frequency and type of

service delivered.) Support for legal services can include paying for court filing fees to assist a participant with issues that interfere with the participant's ability to obtain or retain permanent housing or supportive services, including issues that affect the participant's employability and financial security. Grantees (in addition to employees and members of grantees) may represent participants before VA with respect to a claim for VA benefits, but only if they are recognized for that purpose pursuant to 38 U.S.C. Chapter 59. Further, the individual providing such representation must be accredited pursuant to 38 U.S.C. Chapter 59.

4. Access to mental health and addiction services is required by SSVF; however, grantees cannot fund these services directly through the SSVF grant. Applicants must demonstrate their ability to promote rapid access to and engagement with mental health and addiction services for the Veteran and family members. Grantees are required to hire staff who will provide health care navigation services that aid participants in accessing these health and mental health care services.

5. When serving participants who are residing in permanent housing, the defining question to ask is: "Would this individual or family be homeless but for this assistance?" The grantee must use a VA-approved screening tool with criteria that target those most at risk of homelessness. To qualify for SSVF services, a participant who is served under 38 CFR 62.11(a) (homeless prevention) must not have sufficient resources or support networks (*e.g.*, family, friends, faith-based or other social networks) immediately available to prevent them from becoming homeless. To further qualify for services under 38 CFR 62.11(a), the grantee must document that the participant meets at least one of the following conditions:

(a) Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance,

(b) Is living in the home of another because of economic hardship,

(c) Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance,

(d) Lives in a hotel or motel, and the cost of the hotel or motel stay is not paid by charitable organizations or by Federal, State or local government programs for low-income individuals,

(e) Is exiting a publicly funded institution or system of care (such as a health care facility, a mental health

facility or correctional institution) without a stable housing plan or

(f) Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved screening tool.

6. SSVF grantees are required to participate in local planning efforts designed to end Veteran homelessness. Grantees may use grant funds to support SSVF involvement in such community planning by sub-contracting with CoCs, when such funding is essential, to create or sustain the development of these data driven plans.

7. When other funds from community resources are not readily available to assist program participants, grantees may choose to use supportive services grants, to the extent described in this NOFA and in 38 CFR 62.33 and 62.34, to provide temporary financial assistance. Such assistance may, subject to the limitations in this NOFA and 38 CFR part 62, be paid directly to a third party on behalf of a participant for childcare; transportation; family emergency housing assistance; rental assistance; utility-fee payment assistance; security or utility deposits; moving costs; and general housing stability assistance as necessary.

8. SSVF requires grantees to offer Rapid Resolution (also known as diversion or problem solving) services. These services engage Veterans immediately before or after they become homeless and assist them to avoid continued homelessness. These efforts can reduce the trauma and expense associated with extended periods of homelessness, and the strain on the crisis response and affordable housing resources in the community. Through Rapid Resolution, the grantee and the Veteran explore safe, alternative housing options immediately before or quickly after they become homeless. Rapid Resolution can identify an immediate safe place to stay within the Veteran's network of family, friends or other social networks. All Veterans requesting SSVF services should have a Rapid Resolution screening and if not appropriate for Rapid Resolution grantees should then assess the Veteran for other SSVF services. More information about Rapid Resolution can be found at www.va.gov/homeless/ssvf.

II. Award Information

A. *Overview:* This NOFA announces the availability of funds for supportive services grants under the SSVF Program and pertains to proposals for renewal of existing supportive services grant programs.

B. Funding: The funding priorities for this NOFA are as follows.

1. *Priority 1.* Under Priority 1, VA will provide funding to those existing grantees with 3-year CARF accreditations in Employment and Community Services: Rapid Rehousing and Homeless Prevention standards, 4-year COA accreditations in Housing Stabilization and Community Living Services or 3-year JC accreditations in Behavioral Health Care: Housing Support Services Standards. Proof of accreditation must be submitted with the application no later than the application due date. Grantees previously awarded a 3-year grant that is not scheduled to end by September 30, 2023, cannot apply under this NOFA but are required to submit a letter of intent (LOI) by the NOFA deadline indicating their intention of continuing SSVF services in FY 2024. All grantees submitting a LOI must include a letter of support from the CoC (see Section II.C.7.) and a proposed budget for FY 2024. Priority 1 grantees submitting a LOI also must submit proof of continued accreditation. Based on the results of audit findings or performance concerns, VA may change grantees previously awarded funds as Priority 1 grantees into Priority 2 grantees at renewal. The reprioritized grantees would then be required to submit a renewal application for the FY 2025 grant year.

2. *Priority 2.* Priority 2 includes other existing grantees seeking to renew their annual grant awards. Both Priority 1 and Priority 2 applicants must apply using the renewal application. To be eligible for renewal of a supportive services grant, the Priority 1 and Priority 2 applicants' program must be substantially the same as the program of the grantees' current grant award. Renewal applications can request funding that is equal to or less than their current annualized award. If sufficient funding is available, VA may provide an increase of up to 75% from the previous year's award. Any funding increase, if provided, will be based on previous grant funding utilization and enrollment. Funding increases are intended to be combined into a single award that supports all SSVF initiatives including shallow subsidies, support for expanded legal services, Health Care Navigators and the new initiatives contained within this NOFA.

3. *Priority 3.* Under Priority 3, VA will accept applications for new funding for any area of the country. Priority 3 applicants must apply using the application materials designated for new applicants. Eligible entities can submit only one application nationally under Priority 3. Any applicant

applying for funding under Priority 1 or Priority 2 is ineligible to apply for funding under Priority 3. Funding for any Priority 3 applicant is limited to a maximum of \$4 million per application and must not exceed an average cost of \$9,000 per Veteran household served.

4. *Priority 4.* VA is exploring development of a new shelter-like level of care within its homeless services continuum called Safe Haven Shelter Services (SHSS). SHSS provides vulnerable unsheltered homeless Veterans with low barrier to entry safe haven shelter services, with access to health care, case management, peer support, meal services, a clean environment and temporary housing assistance in a designated area on VA Medical Center (VAMC) campuses. One such program currently is operational at the Greater Los Angeles (GLA) VAMC and is called a Care Treatment and Rehabilitative Services (CTRS). Veterans temporarily housed in the CTRS need assistance to secure permanent housing. SSVF seeks to fund a grant of \$3 million to exclusively support the CTRS located at the GLA VAMC. The CTRS initiative is consistent with the SHSS model as it offers vulnerable unsheltered homeless Veterans with low barrier to entry services, with access to health care, case management, peer support, meal services, a clean environment and temporary housing assistance in a designated area on VAMC campuses. CTRS participants are provided a private tiny shelter and access to VA medical and behavioral health care services, three daily meals, clean water, soap, bathrooms, showers and weekly laundry services during their program participation. The GLA VAMC site currently has 141 tiny shelters for Veterans, including Americans with disabilities accessible accommodations for those with impaired mobility.

Veterans eligible for SSVF services also may be eligible for CTRS temporary housing as CTRS admissions must be homeless and eligible for Veterans Health Administration health care. It is expected that the applicant awarded the grant to support CTRS will develop service plans that lead to permanent housing consistent with the goals and objectives of SSVF. Any eligible entity is eligible to apply as a new applicant under Priority 4, even if also applying for funds as Priority 1, Priority 2, or Priority 3 applicants, using the new application form.

C. Allocation of Funds: Funding will be awarded under this NOFA to existing grantees for a 1-year (Priority 2 and Priority 3) or a 3-year period (Priority 1) beginning October 1, 2023. The following requirements apply to

supportive services grants awarded under this NOFA:

1. In response to this NOFA, only existing grantees can apply as Priority 1 or Priority 2 applicants. New applicants can apply under Priority 3. Any eligible entity can apply as a Priority 4 applicant. Priority 4 funding can only be applied to a grant supporting the CTRS at the GLA VAMC.

2. Priority 1 and Priority 2 renewal grant requests cannot exceed the current award.

3. Priority 1 and Priority 2 applicants may request an amount less than their current award (this will not be considered a substantial change to the program).

4. If a grantee failed to use all of awarded funds in FY 2021 or had unspent funds returned to VA in FY 2022, VA may elect to limit the renewal award to the amount of funds used in the previous fiscal year or in the current fiscal less the money swept.

5. If, during the course of the grant year, VA determines that grantee spending is not meeting the following minimum percentage milestones, VA may elect to recoup projected unused funds and reprogram such funds to provide supportive services in areas with higher need. Should VA elect to recoup unspent funds, reductions in available grant funds would take place the first business day following the end of the quarter. VA may elect to recoup funds under the following circumstances:

(a) By the end of the first quarter (December 31, 2023) of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds are less than an amount equal to 15% of total supportive services grant award. (During this same period, the grantee's cumulative requests for supportive services grant funds may not exceed 35% of the total supportive services grant award.)

(b) By the end of the second quarter (March 31, 2024) of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds are less than an amount equal to 40% of total supportive services grant award. (During this same period, the grantee's cumulative requests for supportive services grant funds may not exceed 60% of the total supportive services grant award.)

(c) By the end of the third quarter (June 30, 2024) of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds are less than an amount equal to

65% of total supportive services grant award. (During this same period, the grantee's cumulative requests for supportive services grant funds may not exceed 80% of the total supportive services grant award).

6. Applicants should fill out separate applications for each supportive services funding request.

7. Priority 1 and Priority 2 applicants who fail to provide a letter of support from at least one of the CoCs they plan to serve will be eligible for renewal funding at a level no greater than 90% of their previous award. Priority 3 applicants must provide a letter of support from the CoC they are requesting funding to serve to be considered for an award. Applicants are responsible for determining who in each serviced CoC is authorized to provide such letters of support. Multi-year grantees (Priority 1) that are only required to submit a LOI in response to this NOFA must also submit a letter of support from at least one of CoC's they plan to serve. The letter of support should include the following information described herein at 7a and b of this section. Applicants may seek an exception to this requirement if they submit a letter from the CoC stating that by policy they cannot provide a letter of support. Priority 4 applicants do not need to provide a CoC letter of support.

To meet this requirement and allow the applicant to be eligible for full funding, letters must include:

(a) A detailed description of the applicant's participation in the CoC's Coordinated Entry process or planning activities and overall community planning efforts (for example, confirmation of applicant's active participation in planning coordinated entry; commitment to participating in coordinated entry; hours spent on CoC-sponsored committee or workgroup assignments; and names of said committees or workgroups).

(b) The applicant's contribution to the CoC's coordinated entry process capacity building efforts, detailing the specific nature of this contribution (for example, the hours of staff time and/or the amount of funding provided), if such SSVF capacity has been requested by the CoC or otherwise has shown to be of value to the CoC.

8. Should additional funding become available over the course of the grant term from funds recouped under the Award Information section of this Notice, from funds that are voluntarily returned by grantees, from funds that become available due to a grant termination or from other funds still available for grant awards, VA may elect to offer these funds to grantees in areas

where demand has exceeded available SSVF resources. Additional funds will be provided first to the highest scoring grantee in the selected area who is in compliance with their grant agreement and has the capacity to use the additional funds.

D. Supportive Services Grant Award Period: Priority 2, Priority 3 and Priority 4 grants are made for a 1-year period, although some grantees may be eligible to apply as Priority 1 and could be selected for a 3-year award, if they meet the criteria described herein at section VI.C.6. All grants are eligible to be renewed subject to the availability of funding.

III. Eligibility Information

A. Eligible Applicants: For Priority 1 and Priority 2, only eligible entities who are existing grantees with grants scheduled to end by September 30, 2023, can apply in response to this NOFA. For Priority 3, eligible entities may apply for up to one new award nationally. Priority 3 applicants also cannot apply for awards under Priority 1 or Priority 2. The maximum request under Priority 3 is \$4 million and applicants cannot propose a budget that exceeds a cost of \$9,000 per Veteran household served. Priority 4 applicants can request up to \$3 million to serve the CTRS at the GLA VAMC.

B. Cost Sharing or Matching: None.

IV. Application and Submission Information

A. Obtaining an Application Package: Applications are located at www.va.gov/homeless/ssvf. Any questions regarding this process may be referred to the SSVF Program Office via email at SSVF@va.gov. For detailed SSVF Program information and requirements, see 38 CFR part 62.

B. Content and Form of Application: Applicants must submit applications electronically following instructions found at www.va.gov/homeless/ssvf.

C. Submission Dates and Times: Applications for supportive services grants under the SSVF Program must be received by the SSVF Program Office by 4:00 p.m. Eastern Time on February 10, 2023. Awards made for supportive services grants will fund operations beginning October 1, 2023. Applications must arrive as a complete package. Materials arriving separately will not be included in the application package for consideration and may result in the application being rejected. In addition, in the interest of fairness to all competing applicants, this deadline is firm as to date and hour, and VA will treat as ineligible for consideration any application that is received after the

deadline. Applicants should take this practice into account and make early submission of their materials to avoid any risk of loss of eligibility brought about by unanticipated delays, computer service outages, or other delivery-related problems.

D. Funding Restrictions: Funding will be awarded for existing supportive services grants under this NOFA depending on funding availability. Priority 1 and Priority 2 applicants should fill out separate applications for each supportive services funding request. Priority 1 and Priority 2 applicants must use applications designated for renewal applicants. Priority 3 and Priority 4 applicants must submit an application designated for new applicants. Funding will be awarded under this NOFA to existing grantees and new applicants beginning October 1, 2023.

1. Funding used for staff education and training cannot exceed 1% of the overall program grant award. This limitation does not include the cost to attend VA mandated training. All training costs must be directly related to the provision of services to homeless Veterans and their families.

2. Expenses related to maintaining accreditation are allowable. Grantees are allowed to include expenses for seeking initial accreditation only once in a 5-year period. The expenses to renew full accreditation are allowed and are based on the schedule of the accrediting agency: for example, every 3 years for CARF and every 4 years for COA. Expenses related to the renewal of less than full accreditation are not allowed.

E. Other Submission Requirements:

1. Existing applicants applying for Priority 1 or Priority 2 grants may apply only as renewal applicants using the application designed for renewal grants.

2. New applicants applying for Priority 3 or Priority 4 grants may apply only as new applicants using the application designed for new grants.

3. At the discretion of VA, multiple grant proposals submitted by the same lead agency may be combined into a single grant award if the proposals provide services to contiguous areas.

4. Additional supportive services grant application requirements are specified in the application package. Submission of an incorrect or incomplete application package will result in the application being rejected during threshold review. The application packages must contain all required forms and certifications. Selections will be made based on criteria described in 38 CFR part 62 and this NOFA. Applicants and grantees will be notified of any additional

information needed to confirm or clarify information provided in the application and the deadline by which to submit such information. Applicants must submit applications electronically. Applications may not be mailed, hand carried or faxed.

V. Application Review Information

A. Criteria:

1. VA will only score applicants that meet the threshold requirements described in 38 CFR 62.21.

2. VA will use the criteria described in 38 CFR 62.24 to score grantees applying for renewal (Priority 1 and Priority 2) of a supportive services grant.

3. VA will use the criteria described in 38 CFR 62.22 to score grantees applying for a new supportive services grant (Priority 3 and Priority 4).

B. *Review and Selection Process:* VA will review all supportive services renewal grant applications in response to this NOFA according to the following steps:

1. Score all applications that meet the threshold requirements described in 38 CFR 62.21.

2. Rank those applications that score at least 75 cumulative points and receive at least 1 point under each of the categories identified for renewal applicants in 38 CFR 62.24. The applications will be ranked in order from highest to lowest scores in accordance with 38 CFR 62.25 for renewal applicants.

3. VA will use the ranked scores of applications as the primary basis for selection. However, VA also will use the following considerations in 38 CFR 62.23(d) to select applicants for funding:

(a) Give preference to applications that provide or coordinate the provision of supportive services for very low-income Veteran families transitioning from homelessness to permanent housing. Consistent with this preference applicants are required to enroll no less than 60% of participants who are homeless as defined in 38 CFR 62.11(b) and (c). Rural areas and tribal areas are exempt from this requirement in areas defined as rural (<https://www.hudexchange.info/programs/rhed/#:-:text=HUD%20defines%20rural%20in%20three,in%20a%20Metropolitan%20Statistical%20Area>). Other areas may seek waivers to this 60% requirement when grantees can demonstrate significant local progress towards eliminating homelessness in the target service area. Waiver requests must include data from authoritative sources such as point-in-time counts and by-name-lists indicating that a community has made substantial enough progress on reducing

homelessness that it can shift additional resources to prevention. Waiver requests must include an endorsement by the impacted CoC explicitly stating that a shift in resources from rapid re-housing to prevention will not result in an increase in homelessness. Grantees who are exempt or receive waivers to this 60% requirement must still enroll no less than 40% of all participants who are homeless as defined in 38 CFR 62.11 (b) and (c).

(b) To the extent practicable, ensure that supportive services grants are equitably distributed across geographic regions, including rural communities and tribal lands. This equitable distribution criteria will be used to ensure that SSVF resources are provided to those communities with the highest need as identified by VA's assessment of expected demand and available resources to meet that demand.

4. Subject to the considerations noted previously herein at paragraph B.3, VA will fund the highest-ranked applicants for which funding is available.

VI. Award Administration Information

A. *Award Notices:* Although subject to change, the SSVF Program Office expects to announce grant recipients for all applicants in the fourth quarter of FY 2023 with grants beginning October 1, 2023. Prior to executing a funding agreement, VA will contact the applicants, make known the amount of proposed funding and verify that the applicant is still seeking the funding. Once VA verifies that the applicant is still seeking funding, VA will execute an agreement and make payments to the grant recipient in accordance with 38 CFR part 62 and this NOFA.

B. *Administrative and National Policy Requirements:* As SSVF grants cannot be used to fund treatment for mental health or substance use disorders, applicants must provide evidence that they can provide access to such services to all program participants through formal and informal agreements with community providers.

C. *Reporting:* VA places great emphasis on the responsibility and accountability of grantees. As described in 38 CFR 62.63 and 62.71, VA has procedures in place to monitor supportive services provided to participants and outcomes associated with the supportive services provided under the SSVF Program. Applicants should be aware of the following:

1. Upon execution of a supportive services grant agreement with VA, grantees will have a VA regional coordinator assigned by the SSVF Program Office who will provide

oversight and monitor supportive services provided to participants.

2. Grantees will be required to enter data into a Homeless Management Information System (HMIS) web-based software application. This data will consist of information on the participants served and types of supportive services provided by grantees. Grantees must treat the data for activities funded by the SSVF Program separate from that of activities funded by other programs. Grantees will be required to work with their HMIS Administrators to export client-level data for activities funded by the SSVF Program to VA on at least a monthly basis. The completeness and quality of grantee uploads into HMIS will be factored into the evaluation of their grant performance.

3. VA will complete annual monitoring evaluations of each grantee. Monitoring will also include the submittal of quarterly and annual financial and performance reports by the grantee. The grantee will be expected to demonstrate adherence to the grantee's proposed program as described in the grantee's application. All grantees are subject to audits conducted by VA or its representative.

4. Grantees will be assessed based on their ability to meet critical performance measures. In addition to meeting program requirements defined by the regulations and applicable NOFA(s), grantees will be assessed on their ability to place participants into housing and the housing retention rates of participants served. Higher placement for homeless participants and higher housing retention rates for at-risk participants are expected for very low-income Veteran families when compared to extremely low-income Veteran families with incomes below 30% of the area median income.

5. Grantees' performance will be assessed based on their consumer satisfaction scores. These scores include the participation rates and satisfaction results of the standardized survey offered to all participant households.

6. Organizations receiving renewal awards that have had ongoing SSVF program operation for at least 1 year (as measured from the start of initial SSVF services until February 10, 2023) may be eligible for a 3-year award. Grantees meeting outcome goals defined by VA and in substantial compliance with their grant agreements (defined by meeting targets and having no outstanding corrective action plans) and who, in addition, receive 3-year accreditation from CARF in Employment and Community Services: Rapid Rehousing and Homeless Prevention standards, a 4-

year accreditation from COA in Supported Community Living Services, or a 3-year accreditation in The Joint Commission's Behavioral Health Care: Housing Support Services Standards are eligible for a 3-year grant renewal subject to funding availability. (*Note:* Multi-year awards are contingent on funding availability.) If awarded a multiple year renewal, grantees may be eligible for funding increases as defined in NOFAs that correspond to years two and three of their renewal funding. At its discretion, VA may reduce 3-year awards to 1-year awards based on performance concerns or audit results.

VII. Other Information

A. *VA Goals and Objectives for Funds Awarded Under this NOFA:* In accordance with 38 CFR 62.24(c), VA will evaluate an applicant's compliance with VA goals and requirements for the SSVF Program. VA goals and requirements include the provision of supportive services designed to enhance the housing stability and independent living skills of very low-income Veteran families occupying permanent housing across geographic regions and program administration in accordance with all applicable laws, regulations, and guidelines. For purposes of this NOFA, VA goals and requirements also include the provision of supportive services designed to rapidly re-house or prevent homelessness among people in the following target populations who also meet all requirements for being part of a very low-income Veteran family occupying permanent housing:

1. Veteran families earning less than 30% of area median income as most recently published by HUD for programs under section 8 of the U.S. Housing Act of 1937 (42 U.S.C. 1437f) (<http://www.huduser.org>).

2. Veterans with at least one dependent family member.

3. Veterans returning from Operation Enduring Freedom, Operation Iraqi Freedom or Operation New Dawn.

4. Veteran families located in a community, as defined by HUD's CoC, or a county not currently served by a SSVF grantee.

5. Veteran families located in a community, as defined by HUD's CoC, where the current level of SSVF services is not sufficient to meet demand of Category 2 and 3 (currently homeless) Veteran families.

6. Veteran families located in a rural area.

7. Veteran families located on Indian Tribal Property.

B. *Payments of Supportive Services Grant Funds:* Grantees will receive payments electronically through the HHS Payment Management System. Grantees will have the ability to request payments as frequently as they choose subject to the following limitations:

1. During the first quarter of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds may not exceed 35% of the total supportive services grant award without written approval by VA.

2. By the end of the second quarter of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds may not exceed 60% of the total supportive services grant award without written approval by VA.

3. By the end of the third quarter of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds may not exceed 80% of the total supportive services grant award without written approval by VA.

4. By the end of the fourth quarter of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds may not exceed 100% of the total supportive services grant award.

Signing Authority

Denis McDonough, Secretary of Veterans Affairs, approved this document on October 21, 2022, and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs.

Jeffrey M. Martin,

Assistant Director, Office of Regulation Policy & Management, Office of General Counsel, Department of Veterans Affairs.
